

<i>Area</i>		<i>Number</i>		<i>Description and Remarks</i>	<i>Acres</i>	<i>Rods</i>	<i>Perches</i>
<i>Reference</i>	<i>Ordinance</i>	<i>Old Canal plans</i>					
1	841	29		A small triangular plot of land on the towing path side of the canal near Marhamchurch Note: Let to Mr Thomas Lewis and used as a garden. Yearly tenancy – rent included in 55/- which he pays for land at Red Post and Burmsdon			14
1A	843	29 30		A marshy strip of land on opposite side of canal from the last Note: Mr Lewis says this used to be a lay by. Its extent is not defined on the ground			12
2	756	1		Corner of field (no 756 ordnance) adjoining towing path. The total area of this plot is about 27 perches. It is not defined on the ground, but the old canal plans and documents show that a quarter part of it was purchased by the Company. Mr Lewis says he did not understand that the Council had anything here beyond the bank.			
3	810	19		Strip of land lying between the canal and the occupation road leading to field No 800 (ordnance) Note: This is a marshy plot of no value being about the same level as the canal and overgrown with bushes			18
4	803 850	32		Old lay by and marshy ground around		1	39
5	494	43		A small corner of coppice at foot of Hobbacott Incline – between the towing path and stream Note: From the old canal plans and documents I gather that the Canal Company at one time had a right to a quarter part of plot no 494 – but that it was divided at some time or other – the Canal Company taking this corner. I cannot find any direct evidence of such division – Mr Lewis says this is the undisputed property of the Council			6
6	491	44		A plot of land at foot of incline on towing path side This is overgrown with scrub and bushes and is in hand.		1	5
7	pt489	44B		A plot of land similar to the last on opposite side of the incline. Note: Overgrown with bushes and is in hand		2	20
